BIOGRAPHY

Daniel has been giving seminars all over the world for more than 25 years. With great freedom, rejecting dogmas, beliefs, certitudes and the posture of "teacher". He is very close to his students and directly presents to them the nudity of the nature of the heart-mind. He transmits the Trantrism Shivaïta of Kashmir, a fulgurating iconoclastic path as it is in the tradition of the crazy wisdom of the Yogini, directly offering the pearls of the Kashmiri Mahamudra.

THE PATH

The core of the activity during the seminars is the transmission of : the Vijnanâbhairava tantra and Matsyendranath's yoga practices, the exploration of Shiva's dance, the yoga of emotions and the yoga of touch. We recommend reading Daniel's books, especially, "Tantra Yoga, le tantra de la connaissance suprême (Vijnâabhairava Tantra) - Albin Michel 2004, " which summarizes our entire non-dualistic approach and practice.
